

REMARKS

Applicant appreciates the indication of the allowable subject matter for claim 59 indicating that claim 59 would be allowable if amended to include all limitations of the claims from which it depends.

By the foregoing Amendment, Applicant has combined the limitations of previous claims 57 and 59 into claim 48 and submit that claim 48 is now allowable. Furthermore, a typographical correction to claims 53 and 54 have been made as suggested by the Examiner thereby mooting the objection to these claims, and a clarifying amendment to claim 60 has been made..

In view of the indication of allowable subject matter, which now has been incorporated into independent claim 48, Applicant respectfully submits that all the previous rejections are moot, and the application is now in condition for immediate allowance, which action is earnestly solicited.

If any minor matters remain in order to place the application in condition for allowance the undersigned respectfully requests that the Examiner contact him by telephone (202.785.0100) for the purpose of expediting the allowance of the application.

If any fees are necessary in connection with this Amendment it may be charged to the undersigned's **Deposit Account No. 19-4375**.

Respectfully submitted,
